MPR HORSEMEATOVER

Pedale Horsemeat Transparent Overdrive

Il Transparent Overdrive Horsemeat di PRS è dotato di un circuito di nuova concezione progettato per migliorare il timbro della chitarra senza colorarlo. Grazie all'utilizzo di diodi al germanio, Horsemeat offre un suono equilibrato e una grande ricchezza armonica, con basse potenti e alte definite. Questo overdrive può essere utilizzato come clean boost, come overdrive o per spingere la distorsione dell'amplificatore.

MPR WINDTREESDUAL

Pedale Wind Through The Trees Dual Analog Flanger

Il Dual Flanger analogico Wind Through the Trees di PRS si può descrivere come due flanger che lottano tra loro e producono un suono che ricorda il vento che sferza gli alberi. Con i controlli Manual, Depth e Rate per ogni flanger, oltre ai controlli globali Regeneration e Added Highs, il Wind Through the Trees offre possibilità timbriche praticamente infinite. In conclusione, Wind Through the Trees garantisce ore di divertimento a tutti i musicisti.

MPR MARYCRIESCOMP

Pedale Mary Cries Optical Compressor

L'Optical Compressor Mary Cries di PRS è intuitivo e ha un suono incredibile. Basato sullo storico LA-2A, il Mary Cries ispessisce il tono, aiuta a controllare i picchi del segnale, allunga il sustain e spinge il tono senza perdere definizione o chiarezza. Può essere utilizzato sia come boost che come semplice compressore.
